POSTCARD

We are delighted to invite you to a thought-provoking session that takes us into **"The Mental Courtroom"**— a space where perspectives are examined, assumptions are questioned, and every thought is put to the test.

Together, we will explore how our minds interpret situations, how evidence shapes our judgement, and how a change in perspective can transform the way we see what is right, wrong, fair, or unfair.

Your presence and perspective will make this experience even more meaningful, and we look forward to having you join us as we **question, reason, debate, and discover the power of the mind.**
