POSTCARD

There is a world of difference between scrolling a story and seeking the truth. Algorithms can flash headlines that shape our perspectives, but looking beyond the feed means having the courage to pause, question the context, and trace the facts. By challenging assumptions and seeking deeper understanding, we become critical and responsible global leaders who bring clarity and real impact to our communities.

Join student leaders worldwide for our Round Square Postcard: Facts Behind the Feed — Looking Beyond Headlines to Discover the Truth. Bring your sharpest insights and boldest ideas as we look beyond the narrative and uncover what lies beneath it.

Sarala Birla Academy
