AI: Hero or Heartbreak?

Explore the benefits, risks and rules shaping AI—from learning to databases.

POSTCARD

Please join us for an exploration of AI in our Schools and Lives. We will explore the way AI is incorporated in our school communities and what are the benefits, dangers and costs.

In addition, we will examine how AI is regulated in our schools and larger communities. We hope to see you on the zoom and learn from each other about this new world we live in.

Scarsdale High School-NY
