

A postcard from:

HILTON COLLEGE

We would like to hear how you connect, engage and partner with the community in your country. Let's share ideas and learn to build stronger communities.

Community Partnerships

POSTCARD

A thriving society is one where everyone has access to their basic needs. True progress happens when even the most vulnerable among us are included and supported.

While governments may not always serve every community equally, we each have a role to play in creating meaningful change. By engaging with under-resourced communities, we not only help others but also grow in our own understanding, empathy, and awareness of the world around us. The work we do today lays the foundation for the generations to come.

We invite you to join the conversation and share your experiences of community engagement in your country.

Hilton College

a Zoom Around the World with Round Square event

Title: Community Partnerships

Date: 23 July 2025

Time: 12pm SAST (GMT +2)
