

# Pancake Day Saturday

On the kitchen table,  
Laid a fresh plate of pancakes  
Smelling delicious,  
And didn't give any stomach aches.

I looked at the pancakes,  
Waiting for a bite,  
I couldn't wait anymore,  
Before I knew they were all out of sight.

Oh no,  
I'm in big trouble,  
They were not for me,  
I better make double.

Cooking in the kitchen,  
Nearly done,  
Wait I see my mum,  
I better have at least one!

**On the kitchen table,  
Lied a new plate of pancakes,  
One for me and my mum,  
Lucky there were no stomach aches.**

**Saturday breakfast,  
Pancake day,  
Brother and dad at soccer,  
Thats our family way!**
