NATIONAL INVENTIONS WHICH MADE OUR WORLD BETTER!

POSTCARD

We are delighted to invite you to a special session that celebrates the ingenuity, the intelligence and the skills of the human being across cultures. Together, we will explore how inventions have contributed to the physical and mental well-being of individuals beyond the borders of the invention itself due to globalization.

Your presence will make this event extremely meaningful, contributing to raise awareness of the importance of societal development for the **common good**.

We are eager to have you join us for a passionate discussion.
