How Technology & the Internet are affecting today's society

POSTCARD

A paragraph about the postcard zoom call content

In this Zoom call, we will talk about how technology and the internet affect our lives every day. We will discuss how it helps us communicate, learn new things, and stay connected with people around the world. We will also talk about some negative effects, like spending too much time online and online safety. Everyone will get a chance to share their opinions and experiences, and we will learn how to use technology in a smarter and more responsible way.

We are excited to see you on our Zoom Meeting!
