## The Leadership Balance: Guiding or Deciding?

How does a leader balance having the final say, and ensuring every voice is heard?

In this dialogue, students will explore what qualities make an effective leader and why people choose to follow them. Through real-life examples from school and community, participants will discuss how leaders can guide and sometimes influence others while still making space for different voices and ideas.

If you've ever wondered how to lead while keeping things fair and inclusive, this conversation is for you!
