# BEYOND WORDS

How Do We Really Communicate?

# POSTCARD

We are delighted to invite you to an engaging and meaningful discussion on the true essence of communication beyond words. The session will encourage participants to explore how listening, observation, body language, tone, emotions, symbols and even silence help us understand one another better. Through thoughtful interaction, students will reflect on empathy, curiosity and the idea — “Can we understand each other even without using a word?”

Your presence will make this event even more meaningful.

We are eager to have you join us for this enriching discussion.
